Change is inevitable. Bryan has undergone some changes in the last two college generations that have passed through our Alma Mater since I graduated in '55. Often I've wondered, speculated, and investigated to see to what extent this was true and in what direction the changes were taking place. Now, as a result of the direct leadership of the Lord, I have the opportunity to discover personally the answers to these questions, which doubtless many of you have shared.

As the Alumni Field Representative, I am seeking to fill this new position created by the alumni and directed primarily to generating further alumni interest and support. It becomes my responsibility also to absorb the spirit of Bryan and to communicate that image of Bryan to the alumni. For the past few weeks I have sat in faculty workshops, student leadership conference, and general "gab sessions" with students and teachers alike. I've watched as two Bryan graduates, Ken Campbell and Jim Reese, gave the challenge in the spiritual life meetings to total commitment to the purposes for which God has brought us here. I've listened as students related the events that led to their enrollment at Bryan, and I've realized how much these days resembled my own years here. And to a degree, the spirit of Bryan is easily observable.

During the coming year I'll be travelling across the United States to contact alumni. I believe Bryan stands at a crucial point in its relatively brief history. And the future of Bryan can be determined, to a large degree by our 1) vital prayer support, 2) dollars donated, 3) student procurement, 4) unified direct influence. If the future of Bryan proves to be disappointing, it will be due largely to the fact that we as alumni have not taken advantage of these avenues of interest.

Pray with us that the days ahead will be fruitful for the cause of Bryan, and especially that in an honest, fair, and unprejudiced portrayal of Bryan, steps will be taken to undergird the work here, not for the praise of men, but for the glory of Him Who rightfully should be above all.

This issue of BRYANETTE includes a collection of news items covering the past six months and is therefore considered a review of 1963. You are invited to send to the Alumni Office notes of interest concerning yourself or other alumni to make this newsletter one of increased news value to all our Bryan friends. Your Alumni Office stands ready to serve you at any time with current addresses, literature about Bryan, or colored slides for use in alumni meetings or youth meetings in your church.

Address your request or your news to Mickey Park, alumni field representative, or to Rebecca Peck, executive secretary.

Mickey Park, alumni representative, reported on campus developments.

Warren '57 and Helen Allem with their two youngest daughters, Sue and Becky. In September Warren became Dean of King's College in Briarcliff Manor, N. Y., where he works with President Bob Cook and Vice President and Registrar Dwight Ryther, the latter being former Dean at Bryan.
Three Bryan families met for a picnic in the Philippines while Wycliffe Bible Translators were having a linguistic workshop. Ernie Lee also visited Audrey Mayer ’54 in Manila on his return trip to Vietnam.

VIETNAM

Ernest ’52 and Lois (Cartwright x’54) Lee are encouraged that the local priest accepted the Roglai alphabet they have worked out. Reading materials are being tried out in the Roglai language. The Lees returned to the States in August because of Lois’ health after the arrival of their baby girl. They are living with their four children in a three-bedroom mobile home in Bloomington, Ind., where Ernie is enrolled at Indiana University working on a Ph.D. in Linguistics.

Robert ’51 and Mildred (McBride x’51) Davis in Hue, Vietnam, indicate that a war of subversion continues to rage through that country, and in many areas missionary activity is restricted to the larger cities. The Lord has continued to unfold His work in Hue in a miraculous way. A Youth Center has been established in the heart of the city for evangelism among the many university and high school students. Also a Lay Leadership Training Center is in the making to enable young men to work with their hands while they study the Word of God and win others to the Saviour. At present the work consists of growing a garden and raising chickens. The Davis’ furlough is scheduled for August 1984.

JAPAN

Bessie Degerman ’53 in October completed her first year of teaching three classes at the Japan Christian College in Tokyo. This semester she will be teaching “Christian Education of Children,” which she considers one of the most valuable courses for JCC students. Don Hoke is president of JCC.

Margaret Ann McKinnon x’43 sailed back to the Philippines on March 3 and arrived safely after 19 days of travel. Just before departure she visited several Bryanites in Calif.—Cecil x’44 and Dorothy x’43 Hanson, Dean Geary x’41, Richard ’43 and Eileen ’43 Langford.

George ’55 and Norma Haberer and family returned to Manila, on the S.S.PIONIER in Sept. George was able to take some additional items of equipment to improve their services of printing for the use of missionaries. He is affiliated with Association of Baptists for Worldwide Evangelism.

(Roglai ’54) IRIAN BARAT

Ralph ’54 and Melba (Mays ’55) Maynard report from Mulia, Sentania, Irian Barat (former Dutch New Guinea) that another baptism of 30 men and women makes 43 who have taken this step and stand for Christ out of their former life of sin and demonism. Fellow missionaries are opening a work in ‘T’ Valley among a people just like Mulia was a short time ago.

INDONESIA

Malcolm ’57 and Rhoda sp. ’56 Bradshaw have received their visa to enter Indonesia from the new nation, Malaysia. They plan to go in January but they must enter from another country, so will travel 2,000 miles out of the way of Bangkok. Malcolm has completed his manuscript on the story of the life of George K. Harris.

George '49 and Ruth Ann (Adams '51) Cone have exchanged furloughs with fellow missionaries and are now teaching in the Bible Institute at Bozoum, Central African Republic.

Alice White '55 is at home in Key West, Fla. following her first term in N. Rhodesia.

EUROPE

Nell Pearson '49 is pleased with the response to the new Church on Wheels which began its ministry in a town of 13,000 where a small group of believers cooperated. The caravan seats 28 and others may hear outside by means of loud speakers. It is used in these winter months for children's and adult meetings in a large housing area on the outskirts of Salzburg. There is strong opposition by the priests and nuns and children are sometimes prevented from returning to meetings.

Kermit Zopfi '50 directs the German Bible Institute now in its ninth year with 40 students enrolled. Their 62 graduates are serving as pastors, evangelists, and Christian workers in Germany, with 10 on foreign mission fields. BRAZIL

Dale '54 and Martha (Sheffield '55) Payne have returned with their three children to Amazonas, Brazil, and are thankful for the safe arrival of their baggage and its clearance through customs in a reasonable manner. Now they are praying for a fiberglass boat to replace their old wooden one. The boat is essential both for their ministry and for securing supplies. They have a youth camp scheduled for January 12-19.

Ronald '52 and Gladys (Jennwein '50) Meznar in Sao Paulo, Brazil, began school in August. Gladys is teaching kindergarten at the Christian Day School and Jenny and Jill are attending first and fifth grades. Ronald continues his teaching at the Bible Institute which is seeking to raise the standards to meet the growing professional standards of Brazil.

Leonard '51 and Dona (Blaine x'53) Meznar are seeking to establish a testimony in Rio de Janeiro among the Jewish people since returning to Brazil last summer.

Robert '55 and Marilyn Brennan are continuing the Jewish ministry in Sao Paulo which they took over for the Meznars at furlough.

COLOMBIA

Charles (Spud) '56 and Charlotte (Davis x'56) Willoughby were reminded of the Lord's protection when a rock thrown by children shattered the safety glass on the windshield of their Jeep and Timmy got a whole handful of glass right in his face, but not a single cut. Spud and two national pastors made a trip to the Nunchia area to hold the first Bible conference and baptize believers who had first heard the Gospel about a year and a half ago. Priscilla and the three boys are in good health!

Bridging the gap of time and distance TODAY, here is our alumni representative,

MICKEY (HOWARD) PARK

Recognizing the need for renewed communication between those who are separated by time and distance from Bryan College, the Alumni Association voted in the fall of 1962 to raise money to hire an alumnus to keep us abreast of developments at Bryan. In September 1963, Mickey started in his job.

Spiritual

Every alumnus ought to pray daily that God's highest will be done at Bryan College. Training Christian young people is one of the real "frontiers" in today's spiritual warfare.

Financial

Needed for salary, auto and expenses for one year for alumni representative $10,000

Received in 1962-63 $3,993

Received since homecoming 749

Needed NOW to complete this project already under way 5,258

$10,000

(Mickey took this responsibility by faith; there is now in our treasury as of January 10 enough to pay salary and expenses for two months. We need your immediate help and regular contributions.)

At the 1963 Alumni homecoming it was voted:

1) To complete the 1962 project first, putting the field representative in the field for a year. This is still not completed.

2) To raise $10,000 to establish an endowment for annual Alumni Spiritual Emphasis meetings at Bryan. Each year a speaker, normally an alumnus, chosen by the elected Alumni Executive Committee, would be brought to the campus for a week of special meetings for the students and staff. His honorarium and travel expenses would be paid for by earnings on the $10,000. Don't you think this project worthy of your regular financial support?

C.S.A. Review

The following statistical report is given so that alumni may be better informed as they pray for Bryan and also that they will be encouraged to recommend Bryan to young people who are looking for a College that offers practical Christian service in a variety of fields as well as formal education under distinctly Christian auspices.

Although the Christian Education department has been absorbed by the Bible and education departments in order that Bryan students now graduate with teacher certification in addition to sufficient Bible and Christian education-related courses to enable them to receive the Evangelical Teacher Training Association diploma, this change has meant that there is no interest in opportunities for Christian service.

This past year the CSA proved to be an active organization which sponsored monthly chapel meetings in addition to engaging in various activities listed below. The CSA (sponsored by Mr. Thomas Eckel, instructor of Bible and former missionary to France) continues to be a student-run and student-sponsored group.

Not counted in the following report are the students who engage in such activities as teaching Sunday school classes, leading congregational singing, directing choirs, furnishing special music in churches, and serving as devotional speakers.

RECOLLECTIONS WHILE RAMBLING... by Mickey Park

Sort of recharges you to visit an old classmate—Ernie Francis—at the Baptist Children's Home, Kouts, Ind., a lovely place built almost entirely by Ernie and son Bill. You mid-50ers will recall that Ernie had us pray to that end. Amazing how enduring are the friendships made at Bryan... Typical Bryan gathering is loaded with "What about Jim"? "Where are the Joneses?"

Offspring of a gang of Bryanites are amazing also. Pot-luck supper at Jim and Judy Barth's place brought out 16 grads and former students and at least 16 future Bryanites.

Pulpiters in pioneer places... Clair Brickel in Brookville, Ohio; Dave Lumney in Fort Wayne; Al Conner in Galion, Ohio; Jerry Day in Columbus, Ind. ...

Not surprising to find Bryanites in key places of lay leadership. Lester Hartschuh—chairman of the board of deacons in Akron's Goss Memorial Church which is pastored by Bill Bennett, a former Bryan conference speaker... Music with meaning—choir of First Baptist Church, Wayne, Mich., led by Stu Meissner in "Prayer Before Singing."

A Michigan trip full of variety. Sat in on the organization of Western Michigan Bryan Alumni chapter... Wayne Bonagards, presx. Spoke in chapel at Baptist Bible Seminary and College where Dave Egner is a student and also a part-time teacher... uses Dr. Jensen's book...

... Lots of coffee and late night gab sessions with people like Dan and Joyana Walker, Mary Ogden Oakley and spouse Frank, Bob and Betty Joy Horne, and Ray Holmes. Finally ran into a 5-inch snow that sent me scurrying back to Tennessee.

Much appreciation for 64 Chevy made possible by the alumni gang in Chattanooga. Hours on the road with only the radio for company... A good time to catch up on praying.

Grateful for a wonderful wife... met and won while at Bryan... who shares a common concern for the Alma Mater. We're ready for the new year and all it holds... with trust that the God Who has given it will find us faithful.

Dr. Rader has been confined to her home in Dayton since returning from the hospital in September. Shortness of breath and occasional coughing resulting from emphysema prevent her participation in outside activity. She keeps in touch with the outside world through television, newspapers, and magazines, and frequent personal reports of life at Bryan. She continues her ministry of prayer for her "children" and follows all developments with keen interest.

A Decade in Review
by Kenneth Campbell

Kenneth Campbell '56 has been active in youth work and evangelism since his graduation and together with James Reese '56 as soloist and music director, the Campbell-Reese team has been formed. The two men conducted the opening evangelistic services at Bryan last fall. Ken commented publicly about his impressions of Bryan as an alumnus returning to campus for several days, ten years after he had first enrolled.

... I have never been more heartily encouraged about what the Lord is doing at Bryan, nor more enthusiastic in anticipation of future developments as the Lord continues to have His way and current trends move toward realization and fulfillment in His will.

Has Bryan changed? Doubtless there are many changes from the Bryan of a decade ago. But the best of the Bryan traditions continue. And as one seeking to keep in step with what the never-changing God is doing in an ever-changing world, I am confident that the Bryan ministry is moving with the Lord and continues at the heart of His redemptive cure for the world's ills, fulfilling in an increasingly effective degree the ideals of the Christian liberal arts college program.

And, by the way, there are several students on Bryan Hill this fall whom we're delighted to have had a part in directing there and whose presence underscores these heart-felt comments.
